

DEPARTMENT OF MICROBIOLOGY

Doctoral Research Supervision by Dr.G.Suresh

1. C.Deepa (Date of Joining : 22.09.2019)

Area of Research: Evaluation of the Antibacterial activity of Silver Nanoparticles, Doxycycline, Collagen and their amalgamation – an *in vitro* study

2. P.Devagi (Date of Joining : 28.02.2020)

Area of Research: Actinobacterial-mediated fabrication of silver nanoparticles and their broad spectrum antibacterial activity against clinical pathogens
