  - The Board observed that the Accounting for Managers II prescribed for the BBA Programme contains an extensive and diverse syllabus covering both cost-related and

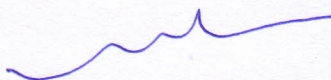

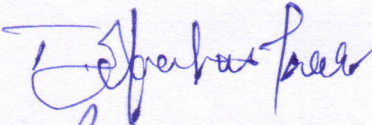

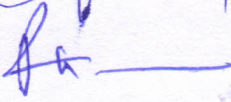

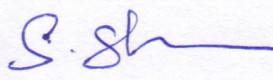

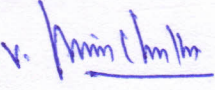

managerial accounting concepts. Considering the vastness of the syllabus and to ensure better conceptual clarity, effective teaching-learning, and improved academic outcomes, the Board resolved to split Accounting for Managers II into two separate courses, namely:

- Cost Accounting
- Management Accounting

This restructuring will allow focused coverage of each subject, enhance practical understanding, and align the curriculum with contemporary academic and industry requirements.

The Board made further discussions on the revision of BBA and MBA syllabus for the academic year 2026-27
